How To Prepare ...

When preparing for your Bridal trial run appointments you'll want to take into consideration what you'll need to achieve your ultimate Bridal look on the day of as well as what may set you as well as your Bridal Artists up for success when executing your desired look. Attached to your Bridal Welcome Packet is a Bridal Checklist on how to become your best self when preparing for your big day! This list should also be considered when preparing for your trial run appointment!

LUXE. Recommendations ...

- Consulting with a LUXE. Habit Handtied Hair Extension Specialist
- Consult and conduct your first appointment with a LUXE. Hair Artist prior to your trial run
- Brow shaping 1 week Prior to trial run appointment
- Exfoliate and moisturize the night prior to your trial run
- Come to your trial run appointment with freshly cleansed face and washed/blown out hair

What To Bring ...

- Inspiration photos that reflect desired hairstyle and makeup application goals
- Hair extensions and/or hair enhancement pieces necessary to achieve desired hairstyle
- Any hair adornments, clips, pins and/or vails for consideration of your desired hairstyle
- LUXE. offers classic, volume and individual false strip lash enhancements, if you have a preference on a strip lash type that we do not carry in salon, please consider purchasing your perfect pair prior to your trial run appointment

Preparing For The Day Of ...

Following your trial run a month prior to your reservation date, your Bridal Coordinator will work with you to create a Bridal timeline for the day of services in which you have requested. This timeline along with any additional Bridal services being requested will be confirmed no more than 14 days prior to your reservation date! A confirmation of this information will be emailed to the address noted per your LUXE. Bridal Contract!

Creating a Timeline ...

When creating a timeline with your Bridal Coordinator, we will need to consider the following:

- Travel time to the wedding venue
- Photographer timeline, ie; "getting into the dress" photos place/start time and "first look" and/or family photo start time
- Ceremony start time

****Please sleep with your hair down the night of following your Wedding Day Hair Prep Appointment****

Bridal Party Preparation ...

To alleviate any discrepancies with the noted timeline on the day of your Bridal Parties services, please confirm that each person receiving services have either a hairstyle and/or makeup application inspiration photo ready to present to their Artist at the time of service!

- It is recommended that all persons being serviced wear either a loose-fitting blouse and/or a button down top. This will ensure the retention of your services while transitioning into formal wear!
- ALL guests being serviced for hair: Please clarify AND blow-dry hair the day PRIOR to the wedding. Leave-in styling aides are appropriate following a shampoo; however, it is our recommendation that any styling aides being used the day prior be applied with discretion. This recommended process will ensure a "prepped & ready" look for our Artists once the guest is in their chair for styling!
- ALL guests being serviced for makeup: Please exfoliate and moisturize the face, lips and decollate area the night prior to the reservation date for services! It's recommended each person receiving a makeup service come prepared with a lip color of choice to reapply throughout the remainder of the wedding day. LUXE. does offer touch up lip colors for purchase on the day of if desired!
